

June 4, 2017

Hello Skippers,

I have returned from my extended leave of absence. I have finally waded through all my emails and found Tom Quesenbery had scanned the regatta results from the postponed May ODOM regatta and the June Victoria regatta. Tom pleaded that I get these out quickly, so here they are.

The ODOM regatta was smartly postponed until the 27th since there was plenty of snow on the bank of the lake on the 20th. On the 27th, apparently the weather was not a lot better: rainy and cool. Nine skippers braved the elements and ten races were held.

The June Victoria regatta had much better weather with a temperature around 78 and some reasonable winds out of the northeast. Thirteen skippers showed up and fifteen races were completed.

Both results are shown below and are attached as usual.

See you at the pond,

Don
