

Skipper's:

We had a record 8 skippers sailing RG65's today. Four new skippers. Welcome to Sebastian, Giovanni, Shannon and a new skipper not yet a member Hugo.

We got in 15 races in a variety of configurations. I tried to keep some windward legs by using the single buoy at the windward mark. The wind shifted from East to northeast with varying velocity. It varied from nil to 2 to 3 mph. As noon approached the wind came up to 4 or 5 and maybe a bit more as we concluded sailing at 1pm. I saw some really good sailing in tricky conditions today. Congrats to all the skippers.

Our strategy of using the DF65 as our entry level boat is showing some real promise. Don will put these results in our season format, not including Hugo as he has not joined the club Yet!

Best to everyone!

Denny Hanson
