

January 25th Meeting Report

The meeting was held at Arbordale Acres conference room.

The meeting was called order by Commodore Don Verhaeghe at 10:10

Don has made some changes to regatta schedules since we added RG65's to the club. I'll attach a copy.

Sect/Tres report

As of Jan 25th we eighteen members.

There is \$516.85 in the treasure.

There were thirteen members and one guest present.

Work shop was presented by Denny Hanson.

Denny did a short talk on boat setup and then a very good presentation on tuning. I certainly learned some new things, and I'm sure most of the other skippers did. He used his Victoria to show how he sets it up and what he looks for to tune for the days sailing.

There was short meeting after the work shop to discuss some items relating to the ODOM NCR.
