

Skippers:

We held our October DF65 Regatta today. It was quite calm at the out set with northwest winds at about 3 to 4. We setup on the West shore and we started a bit late about 10:40. We had six boats on the line and Rich Roberts was sailing his Vic. After the first race it started to pick up velocity and we sailed in gusty winds 5 to 10 for a couple of races. By the final race it was howling and the DF65 were just barely hanging in there. We decided to sail a very windy final race and then we ducked for cover as it was blowing 15 to 20 by the time we got the boats out of the water. I hope everyone had a fun morning.

Remember we will try to sail our Vic November this coming Saturday.

Fair winds,

Denny
