

The **DragonForce 65** is being added to our club for 2018 as an entry level class that is very easy to assemble and get ready to race. The boat is ready to race as delivered and can be ordered with a transmitter and receiver with only needing to add batteries. It costs \$199.99 for this version. If you have a radio, then you can purchase a receiver and batteries and you are ready to race, \$179.99. We will be racing with the "A" rig only for 2018. There are over 500 boats registered in this class in the U.S. and it was first sold in 2013. The boat is 650mm (25.59 in.) long, 116.5mm (4.58 in.) beam, wt. 1200G (2.54 lbs.), sail area is 2226 cm². (345 in²). They can be purchased at www.rudiosailing.net.
