DF65 discussion

As decided in January, there will be a Gold and Silver Group.

Silver Group will be sailing the "A" sail. After 4 wins a skipper will advance to Gold Group.

For the start of 2023 season a skipper can chose which group to start in.

DF65 regattas will race in stagger starts. Gold Group first and Silver one minute later. Someone

in the Silver Group will be chosen to start the Silver race.

Rules class was started by Don.

Brain Danielson audio recorded the session and will post a written copy of the meeting.

It was a very good session with many skippers asking questions and sometimes participating.

Chuck's mobile boat stands seemed to help set up the various situations.

The next meeting will be March 18th..

A class on strategies will be presented by Greg LaLiberte.
